1. Logging into SchoolMoney

To log into your **SchoolMoney** account, you will first need to open a webpage on your device and enter the following address:

This will take you to our eduspot website.

In the top right hand corner of the screen is a sign in button. Please click on this.

A drop down box will appear with our products listed. Click on the bottom option of **SchoolMoney parent login**.

This will then send you to the parent login page.

Please enter the following information:

- Your mobile number
- Your email address
- The password the school has sent to you by text or email
- Your child's first name

Press Go when you are ready.

Please note: The school will have sent you a password via text/email. If you have not received a message with a password in it, please contact the school directly to request one.

Please note: Only enter your child's **First Name**. This needs to be spelt in the same way as the school has it entered on their system, e.g. If the schools records have your child's name spelt as Samuel you should not enter Sam.

You will be logged into your SchoolMoney account providing the details that you have entered are correct.

Please note: If for any reason it won't allow you to log on, we would advise that you contact your school to double check the mobile number/ email address that they have recorded against your child on **SchoolMoney**. If you are entering different details to the school, you will be unable to login until the school change your child's details.

If you are logging in for the first time, you will be required to reset your automatically generated password.

The form is titled 'schoolmoney' and includes a 'Log Out' link. It prompts the user to update their password for security. It contains three input fields: 'Current Password', 'New Password', and 'Confirm New Password'. Below these fields, it lists password requirements: at least 8 characters, one uppercase letter, and one number. A note states the new password applies to all children at the school. A green 'Save Password' button is at the bottom.

Once you are happy with your new password press Save and you will proceed to your account.

2. Making a Payment

Once you have logged into your account, you will then be able to make payments for your child.

Green: this means that you can pay off the amount in smaller chunks up until the due date, when you will need to pay it off in full. Click into the green box and amend the amount.

Orange: this means you can pay as much towards this payment as you would like. This will then remove any remaining cost so that you do not have to pay any more towards it. You can pay either more or less than the amount stated.

You will also be able to see that some of your due dates are in grey and some of them are in red. The due dates that are marked in red are payments that are overdue and need to be paid as soon as possible.

You may also find that when you select a certain payment, a pop up will appear asking for your consent. You will have to give your consent to pay for this item/instalment.

The system will take you to a screen where you can enter your card details. You will have to do this every time that you want to make a payment due to security on the system. **We do not store debit/credit card details.**

- Make sure you are entering your child's first name only
- Try logging in with a different device
- Login with a wifi connection and not 4G
- Make sure you are not autocompleting the details. Type each section in from scratch
- Clear your history/cache on the device you are using
- Make sure that you are not keeping the website open in the background of your device. Close it completely before trying to login again
